

# Five Long Years

Buddy Guy

Lord, have you ever been mistreated  
Then you got to, you got to know just what I'm talking about  
Yes, have you ever been mistreated  
Then you got to, you got to know just what I'm talking about  
Lord I work five long years for one woman,  
And she had the nerve to kick me out I got a job at a steel mill,  
I'm shucking steel just like a slave  
Five long years, every Friday y'all I went straight home yeah,  
I went straight home  
Mistreated  
Then you got to, you got to know just what I'm talking about  
Lord I work five long years for one woman,  
And she had the nerve to kick me out  
Lord but I finally learned a lesson,  
I should have known long time ago  
The next woman I marry, she gotta have two jobs,  
And she gotta go out and work long and bring some dough  
Lord, said I been mistreated  
And you got to, you got to know just what I'm talking about  
Lord I work five long years for one woman,  
And she had the nerve to kick me out Have you ever been mistreated  
Then you got to, you got to know just what I'm talking about  
Yes, have you ever been mistreated  
Then you got to, you got to know just what I'm talking about  
Lord I work five long years for one woman,  
And she had the nerve to kick me out  
I got a job at a steel mill,  
I'm shucking steel just like a slave  
Five long years, every Friday yes yo'all I went straight home,  
I went straight home with all my pay  
Yes, I've been mistreated  
And you got to, you got to know just what I'm talking about  
Lord I work five long years for one woman,  
And she had the nerve to kick me out Lord I finally learned a lesson,  
I should have known a long time ago  
The next woman I marry, she gotta have two jobs,  
And she gotta go out and work and bringing home some dough  
I've been mistreated, yeah  
And you, you know just what I'm talking about  
I work five long years for one woman,  
And she had the nerves to kick me out
