

Rebellious (feat. Yuna)

Adventure Club

I don't wanna do anything you tell me
I don't wanna play your games anyway
'Cause you don't even care if I would make it
You'd just celebrate if I was failing Every time I do things for you
You just find a way to bring me down
All the things that I used to give you
They ain't never gon' come around Every time I do things for you
You just find a way to bring me down
All the things that I used to give you
They ain't never gon' come around I'm rebellious, I'm a fighter
Against the current of your river
Yeah, I'm rebellious, I'm a fighter
Against the current of your river
I don't wanna do anything you tell me
You just wanna criticise me anyway
'Cause everything I do, I do it different
I been fighting right from the beginning Every time I do things for you
You just find a way to bring me down
All the things that I used to give you
They ain't never gon' come around Every time I do things for you
You just find a way to bring me down
All the things that I used to give you
They ain't never gon' come around I'm rebellious, I'm a fighter
Against the current of your river
Yeah, I'm rebellious, I'm a fighter
Against the current of your river
I'm rebellious, I'm a fighter
Against the current of your river
Yeah, I'm rebellious, I'm a fighter
Against the current of your river
Yeah, I'm rebellious
