Cold Beer Calling My Name (feat. Luke Combs)

Jameson Rodgers

It's been one of them clock it in, knock it out, clock it out 'Bout to?kick?off the weekend There's?a stretch of blacktop, I ain't?never seen a cop So I'm pushing it a little past?ten Pulled?a?little money from?the bank, put?it in the tank Shined up the windshield glass Don't know where the night might lead, ain't nowhere to be But I gotta get there fastThere's a cold beer calling my name Feel a good time coming, got a new song humming And the sunset's doing its thing Feeling lucky as a seven, yeah sometimes Heaven Is a pocket full of payday green And my baby putting sugar on me Yeah, it's sure been a pretty damn good day And there's a cold beer calling my name, yeah If there's a hillbilly rock show, I'll be in the front row Holding up a red Bic flame Or a wraparound porch with a citronella torch Yeah, you know I'm down either way There's a chance that tonight might be a night that we Ain't ever gonna forget Yeah, everybody's turning it up, I got a little buzz And I ain't even had one yetThere's a cold beer calling my name Feel a good time coming, got a new song humming And the sunset's doing its thing Feeling lucky as a seven, yeah sometimes Heaven Is a pocket full of payday green And my baby putting sugar on me Yeah, it's sure been a pretty damn good day And there's a cold beer calling my name It's calling my name Yeah, there's a cold beer calling my name Oh yeah it is Yeah, I'm gonna put a little chill in my weekend Stay up all night, maybe sleep in I'm gonna sip a little something And I ain't gotta worry 'bout nothing 'cause There's a cold beer calling my name Cold beer calling my nameThere's a cold beer calling my name Feel a good time coming, got a new song humming

And the sunset's doing its thing
Feeling lucky as a seven, yeah sometimes Heaven
Is a pocket full of payday green
And my baby putting sugar on me
Yeah, it's sure been a pretty damn good day
And there's a cold beer calling my name
It's calling my nameCold beer calling my name
Yeah, I'm gonna put a little chill in my weekend
