## **Scared to Be Lonely (Conro Remix)**

## Martin Garrix & Dua Lipa

It was great at the very start Hands on each other Couldn't stand to be far apart Closer the betterNow we're picking fights and slamming doors Magnifying all our flaws And I wonder why, wonder what for Why we keep coming back for moreIs it just our bodies Are we both losing our minds Is the only reason you're holding me tonight 'Cause we're scared to be lonelyDo we need somebody Just to feel like we're alright Is the only reason you're holding me tonight 'Cause we're scared to be lonely Too much time, losing track of us Where was the real Undefined, spiraling out of touch Forgot how it feelsAll the messed-up fights and slamming doors Magnifying all our flaws And I wonder why, wonder what for It's like we keep coming back for moreIs it just our bodies Are we both losing our minds Is the only reason you're holding me tonight 'Cause we're scared to be lonelyDo we need somebody Just to feel like we're alright Is the only reason you're holding me tonight 'Cause we're scared to be lonely Scared to be lonely Even when we know it's wrong Been somebody better for us all along Tell me, how can we keep holding on, holding on tonight 'Cause we're scared to be lonelyEven when we know it's wrong Been somebody better for us all along Tell me, how can we keep holding on, holding on tonight 'Cause we're scared to be lonelyIs it just our bodies Are we both losing our minds Is the only reason you're holding me tonight 'Cause we're scared to be lonelyScared to be lonely Scared to be lonely Eh, eh, scared to be lonely
