

# I Want You

## Common

will.i.am  
Once the love was strong  
Now it's long, long gone  
Cause the pain, came down like a storm  
I remained holding on  
'Cause I want you, cause I want you  
I want you, I want youCommon  
I been thinkin' 'bout  
I been thinkin' 'bout  
I been thinkin' 'bout you lately  
Thoughts take me to when we were close  
Addicted to your love, feel I need another dose  
I know it's a feeling  
That should be long gone  
Things seem to come up  
When I hear our song  
Golden brown girl, it seem so long  
Since i heard your voice  
Where did the king go wrong?  
Emotions that that they linger on  
I guess cause I never knew a love so strong  
So many hot girls  
I need your warm  
The taste of your mouth  
Girl, I need your warm  
Good food and love  
I need your warm  
This here was made before we were born  
A dreamer, so I'ma keep dreamin' on  
It's kinda like the breakup of Jen and Vince Vaughn  
will.i.am  
Once the love was strong  
Now it's long, long gone  
Cause the pain, came down like a storm  
i remained holding on  
Cause I want you, cause I want you  
I want you, I want youCommon  
They say you don't know know know  
What you got  
Til' what you got is gone  
Yeah I like such and such yo alot  
But the feelings not as strong

We were like two birds  
That were able to fly  
I try to pick the right words to say to the sky  
Somedays I would try but wasn't able to cry  
I never been good at sayin' goodbye  
I take a deep breath when the times is hard  
When i reminisce over u, my god  
I spent many years tryna be the heartthrob  
I guess it's only right that I got my heart robbed  
The scent of a room that reminds me of you  
A hint of perfume it remind me of you  
Take a look at the moon it remind me of you  
Hope the stars and the gods  
Align me and you  
will.i.am  
Once the love was strong  
Now it's long, long gone  
Cause the pain, came down like a storm  
I remained holding on  
Cause I want you, cause I want you  
I want you, I want you  
Cause I want you, cause I want you  
I want you, I want youCommon  
We do what we do  
And we do what we live  
I love this way  
Cause I got it as a kid  
With so much to give from it  
I never hid  
The love that I wrote on the mirror it got smeared  
My friends say it was a change for the better  
But i say, girl you changed my forever  
Relationships they can be as strange as the weather  
Rain or sun  
We can sang this togetherwill.i.am  
Cause I want you, cause I want you  
I want you, I want you  
Cause I want you, cause I want you  
I want you, I want you
