

# Not Myself

**John Mayer**

Suppose I said  
I am on my best behavior  
And there are times  
I lose my worried mind Would you want me when I'm not myself?  
Wait it out while I am someone else? Suppose I said  
Colors change for no good reason  
And words will go  
From poetry to prose  
Would you want me when I'm not myself?  
Wait it out while I am someone else? And I, in time, will come around  
I always do for you Suppose I said  
You're my saving grace  
Would you want me when I'm not myself?  
Wait it out while I am someone else? Would you want me when I'm not myself?  
Wait it out while I am someone else?
