

# Turn Ya Out

## Tyrese

Hey! It's ya boy, Lil' Jon right  
I got my dog Tyrese in here with me  
And he just got a little something to tell  
All the ladies out there, let's go  
Going back and forth what we talkin' 'bout  
Keep tippin' around the subject, so I'm gonna go right on out and say  
If anybody got what you need, girl, it's me  
Oh, baby girl, it's me, please believe  
And I'm trying hard to show how much I want you  
Need a man for the job, yeah  
You said you need someone to do, bring your body  
So baby bring that body close to me  
Wanna be the one to know ya, the one to show ya  
Shorty I'm trying to turn ya out  
Trying to be the one to see ya, the one to freak ya  
Shorty I'm trying to turn ya out  
I wanna be the one to give your body what it needs  
Can't you hear me lady, talking to you baby  
The one to grab that, the one to have that  
Shorty I'm trying to turn ya out  
I can feel your heart is getting cold  
See your body right there, I wanna go  
All you gotta do to make it right, is call on me  
I got that thug love, put you up against the wall  
And give me that thug love, baby, I wanna be  
Wanna be the one you think of when you feel like  
doing it all  
Wanna be the one you reach for whenever your body calls  
Wanna be the one to lay your body down tonight  
Wanna be the one to take you, wanna be the one to show you  
The one to know ya, the one to  
show ya  
Shorty I'm trying to turn ya out  
Trying to be the one to see ya, the one to freak ya  
Shorty I'm trying to turn ya out  
Wanna be the one to give your body what it needs  
Can't you hear me lady, talking to you baby  
The one to grab that, the one to have that  
Shorty I'm trying to turn ya out  
Girl, you need to make it be love, love, love  
When you can't sit still baby, and you don't know why baby  
Girl, you need to make it be love, love, love  
When you can't make me baby, and you're feeling tired baby  
And I think it needs to be love,  
love, love  
Baby girl, you know, everybody needs somebody to love  
Girl, you need to make it be love, love, love  
Girl, I'm just a phone call away, baby, let me be the, let me be the one  
The one to know ya, the  
one to show ya  
Shorty I'm trying to turn ya out

The one to see ya, the one to freak ya  
Shorty I'm trying to turn ya outWanna be the one to give your body what it needs  
Can't you hear me lady, talking to you baby  
The one to grab that, the one to have that  
Shorty I'm trying to turn ya outYeah, shorty I've been trying to turn ya out  
You know what I'm saying  
I wanted to from the first time I saw you  
I said, 'I gotta have that'I'd do whatever it takes to turn you all the way out  
To make you mine, you know what I'm talking about?  
Yeah, I just wanna be the one you know to grab that, to have that  
I'm just trying to turn ya out, baby, hey
