Rio (feat. Digital Farm Animals)

Netsky

Wherever she goes, I go, we roll, we goo Flying over cities down to Rio, it's real Love that I feel, well nothing lasts forever But I'm down for the minute so just chill Wherever she goes, I go, we roll, we go Flying over cities down to Rio, it's real Love that I feel, well nothing lasts forever

But I'm down for the minute so just chillWherever she goes, I go, we roll, we go

Flying over cities down to Rio, it's real Love that I feel, well nothing lasts forever But I'm down for the minute so just chill Wherever she goes, I go, we roll, we go Flying over cities down to Rio, it's real

Love that I feel, well nothing lasts forever

But I'm down for the minute so just chillWherever she goes, I go, we roll, we go

Flying over cities down to Rio, it's real Love that I feel, well nothing lasts forever But I'm down for the minute so just chill Wherever she goes, I go, we roll, we go

Flying over cities down to Rio, it's realLove that I feel, well nothing lasts forever

But I'm down for the minute so just chill Wherever she goes, I go, we roll, we go Flying over cities down to Rio, it's real Love that I feel, well nothing lasts forever But I'm down for the minute so just chill Wherever she goes, I go, we roll, we go Flying over cities down to Rio, it's real Love that I feel, well nothing lasts forever But I'm down for the minute so just chill
