

# Thunder Kiss '65

## White Zombie

Well, sweet a little sista's high in hell cheatin' on a halo  
Grind in a Odyssey Holocaust heart kick on tomorrow  
Breakdown agony I said ecstasy in overdrive  
When you're riding on the world Thunder kiss in 1965 Yeah, wow, five yeah, wow  
Demon-warp is coming alive  
In 1965 five, five Livin' fast and dying young like a endless poetry  
My Motor- psycho nightmare, freak out inside of me  
My soul salvation liberation on the drive  
The power of the blaster move me faster 1965  
Yeah wow, five yeah wow  
Demon-warp is comin' alive  
In 1965 five, five Aww, yeah, yeah, gimme that, gimme that now, now, now Yeah, rollin' like a  
supersonic another fool that gets down on it  
Pig sweat a million miles, I got a heart atomic style  
Make it look easy that's what I said  
Blast of silence, explodes in my head Yeah, yeah, yeah, gimme that, gimme that now  
Gimme that, gimme that now  
Gimme that, gimme that now  
Gimme that, gimme that  
Step to the moonshine, frenzy hail the resurrection  
What's new pussycat? Can you dig the satisfaction?  
Well, you can't take it with you but you can in overdrive  
Yeah, some like it hot and twistin' 1965 Yeah, wow, five, yeah wow  
Demon-warp is coming alive  
In 1965, five, five
