My Life Your Entertainment (feat. Usher)

T.I.

Hey, hey, hey what's happenin' e'erybody?

I hope they get my good side

You know I gotta look good when I walk out the house

You know I know the camera's following

I know they taking pictures, right Drama? HeyAy man, you watch it I live it, you dig that?

Y'all sit back relax get some popcorn, man

I'm gonna make it a good show, you dig that?

This gonna make a hell of a movie, huh?My life, your entertainment

You watch it while I live it, live it

I walk, they follow, ay

I talk, they holla, ay

Just here for your amusement

My life, your entertainment

You watch it while I live it, live it

You waitin' for me to lose it

I guess I'm just here for your amusementThe price of fame I think I paid, want my change I done gave

E'erything in my possession for my seconds on the stage

For my name up in lights and multi-million record sales

I done gave up my life, can't get a moment to myselfWhen alone I ask myself, is it worth it? I ain't perfect

Neither is anybody else, but I think my kids deserve

To be with Daddy out in public without all the interruptions

When the lies and gossip's published I'm the topic of discussionAnd I stay in trouble just to

show these suckers I ain't lost it

And I'd do it all again that's the funny thing about it

I ain't playing, boy I'm 'bout it, will I change? Boy I doubt it

I done been a lot of things, I ain't never been a coward

See the paparazzi crowded all around me now

Same niggas who was dissin' want a pound like I'm senile

Showered with support from my adoring fans

They hear T.I.'s arrested they're like, here we go againMy life, your entertainment

You watch it while I live it, live it

I walk, they follow, ay

I talk, they holla, ay

Just here for your amusementMy life, your entertainment

You watch it while I live it, live it

You waitin' for me to lose it

I guess I'm just here for your amusementYou've seen it all before, guys know how the story goes It's like 2Pac never died, sit back, enjoy the show

You see the shit that scares you senseless, I done lived through it

Knew the risks and the consequences and I still do itAnd then I'm so fresh, them niggas mildew

Not just a actor by profession, pimp, I live movies
That's why they whisper when they see me, point and stare at me
'Cause they just wanna live through me vicariouslyFashion weekend, Paris week, party like a
rockstar

Get blown by a top model 'til she catch lockjaw

Got the dough you get a year, stashed in my sock drawer

Showed you the troubles and the struggles of an outlawTop dog would not fall, I am not y'all

Couple pages out the calendar and I'm out y'all

Kid listen, pay attention, you don't wanna be me

It's safer to watch it on T.V.My life, your entertainment

You watch it while I live it, live it

I walk, they follow, ay

I talk, they holla, ay

Just here for your amusementMy life, your entertainment

You watch it while I live it, live it

You waitin' for me to lose it

I guess I'm just here for your amusementSee I don't think it would even matter to me

Woking a nine to five would it be better

I mean be honest, would you care to gossip about me

Not likely, I guess that's just the way that it goes, the way that it goes'Cause I know, see I can be somewhere out keeping it cool

And get told, almost anything instead of the truth

Y'all know more than I do, it's breaking news to me too

Easy killer y'all know that ain't how I move, oohHe said and she said, what, I did what, with they, who

No not me I said, not me, she gave me no head, ooh

Won't get me again, hey, I pleaded the fifth, hey

I know better than to ever talk during the filmIn and flashing lights can blind your eyesight

To when you can't see what's wrong from right

Well shorty 'til you walk a mile in my shoes

And understand this is who I amUsher I completely concur

Life can be such a blur, obviously we prefer

Our privacy but instead we endure

Yes sir, don't expect nothin' less of me

'Cause this goin' probably be this way until the death of meBut for the hustle and the lady on my arm now

Plus all my kids and my mom's I'm a calm down

And yo, we doin' just fine, and the time's just flyin'

Live one headline at a timeMy life, your entertainment

You watch it while I live it, live it

I walk, they follow, ay

I talk, they holla, ay

Just here for your amusementMy life, your entertainment

You watch it while I live it, live it

You waitin' for me to lose it

I guess I'm just here for your amusement
