

# If It Isn't Love

## New Edition

I don't love her  
I tried to tell myself  
But you could see it in my eyes  
So don't deny, I can't fool no one else  
The truth is in the tears I cried Cuz if it isn't love  
Why do I feel this way  
Why does she stay on my mind  
And if it isn't love  
Why does it hurt so bad  
Make me feel so sad inside  
(If it isn't love) I told her I'd never fall in love  
But now I know better  
How does it feel  
I can't describe this feeling  
That came when I saw her last night (Ohh...)  
She got to me  
I'll let you know the reason  
I saw her with another guy So if it isn't love  
Why do I feel this way  
Why does she stay on my mind  
And if it isn't love  
Why does it hurt so bad  
Make me feel so sad inside And if it isn't love  
Why do I feel this way  
Why does she stay on my mind  
And if it isn't love  
Why does it hurt so bad  
Make me feel so sad inside  
(If it isn't love)  
Maybe she'll take me back  
(Hey girl, He's begging)  
I made a big mistake  
(Want you to forgive him girl)  
Now I can feel it  
(He's never felt before)  
I really love her  
(Love her... What) It took my heart  
Shattered in a thousand pieces  
Before I'd ever dropped my pride (Ohh... Ohh... Ohh...)  
Losing love, worrying about my image  
Really helped me realize  
If it isn't love

Why do I feel this way  
Why does she stay on my mind  
And if it isn't love  
Why does it hurt so bad  
Make me feel so sad inside  
(Repeat til end)
