

# Natural Born Killer

## Avenged Sevenfold

One snap for the dying  
One click to end the day  
Another story with a mangled scene  
It couldn't happen any other way You wanna talk about it?  
I'm begging you to walk in my shoes any time  
Watch the clock 'til you unwind  
You wanna cry about it?  
It's making me consider that I've lost my mind  
The way I see you must be blind So this is the world you left behind  
This is the guilt that consumes you  
So die alone, this is the one thing that I won't do  
So say your prayers 'cause I ain't leaving here without you  
Can't bribe me with money  
Can't shower me with shame  
Another killer from a broken home  
Until you come on me with manic fame You wanna know about it?  
Well, I'mma be fucking with you every time  
Story broken, you're behind  
Yeah, when you ask about it?  
You can rest assured I'll give you my best side  
Seems we all have friends to find So this is the hate I've been born to  
Full of the tales of the untrue  
So die alone, this is the one thing that I won't do  
So say your prayers 'cause I ain't leaving here without you  
And I'm waiting, waiting for the days to slowly pass me by  
And all the promises I'll find  
No hesitating, you've pulled the trigger now your story's left behind  
I know you want to see me fry, lock my soul you hope to burn  
So die alone, this is the one thing that I won't do  
So say your prayers 'cause I ain't leaving here without you  
To die unknown would crush the fish lens we all see through  
To care the glare, expose the ugliness we hold true
