

Into the Hollow

Queens of the Stone Age

Avoir, adieu, goodnight
I'm too wrong to get right But I can't wait forever
I've always been alone
A fool believes he's clever Don't you wanna go
Into the hollow?
I don't go alone
Aren't you gonna follow?
I live behind my eyes
Be sure to keep the surprise I break what I've, I've borrowed
That's why I always go
Alone into tomorrow
Don't you wanna go
Into the hollow?
I won't go alone
Aren't you gonna follow? Into the hollow
Into the hollow
