

Frail State of Mind

The 1975

Frail state of mind
(Frail state of mind)Got time? Seems unlikely
I'm sorry that I missed your call
Our words, they ring (Ring)
Don't waste their time
I've always got a frail state of mindOh, boy, don't cry
I'm sorry, but I
I always get this way sometimes
Oh, I'll just leave
I'll save you time
I'm sorry 'bout my frail state of mind
My state of mind, you might just like it
Might stop you being miserable
Nah, I'm alright
Now trust I'm fine
Just dealing with a frail state of mindOh, don't be shy
I'm sorry, but I
I always get this way sometimes
You lie, just leave
I'll stay behind
I'm sorry 'bout my frail state of mindFrail state of mind
Frail state of mind
Frail state of mind
Oh, what's the vibe?
I wouldn't know, I'm normally in bed at this time
I'm better this time
You guys, go do your thing
And I'll just leave at nine
Don't wanna bore you with my frail state of mindOh, when I'm real high, that's your biggest lie
I'm sure that you'll find
I haven't toed the line in quite some time (Quite some time)
You know that I'll leave if you keep lying
Don't lie behind your frail state of mindFrail state of mind
Frail state of mind
Frail state of mind
Frail state of mind
