Backwoods

Justin Moore

Rifle in a gun rack hangin' in the back glass Buck knife on my belt, ain't no land for sale around here Red clay country mud, sippin' on a cold Bud Blue tick coon hound, you know where I'm foundOut in the backwoods, down in the holler Out in the backwoods, workin' hard for a dollar In the backwoods, yeah, we get it done right Work hard, play hard, hold my baby tight Lordy have mercy, it's a real good life in the backwoods, yes sir Preacher's daughter couldn't get hotter Floatin' that river on an inner tube with her, splash 35's and a lift kit, how stuck can you get? Ain't that just my luck, where's the chain? I'm stuckOut in the backwoods, down in the holler Out in the backwoods, workin' hard for a dollar In the backwoods, yeah, we get it done right Work hard, play hard, hold my baby tight Lordy have mercy, it's a real good life in the backwoods Out in the backwoods, down in the holler Out in the backwoods, workin' hard for a dollar In the backwoods, yeah, we get it done right Work hard, play hard, hold my baby tight Lordy have mercy, it's a real good life in the backwoods Out in the holler, son, out in the backwoods
