Vampire Money

[My Chemical Romance](#)

Well are you ready, Ray? Yeah.
How 'bout you Frank? Oh, I'm there, baby.
How 'bout you Mikey? Fuckin' ready.
Well I think I'm alright. 1-2-3-4
3-2-1 We came to fuck
Everybody party till the gasman comes
Sparkle like Bowie in the morning SunAnd get a parking violation on La Brea till it's done
Hair back, collar up
Jet black, so cool
Sing it like the kids that are mean to youC'mon
When you wanna be a movie star
C'mon
Play the game and take the band real far
C'mon
Play it right and drive a Volvo car
C'mon
Pick a fight at an airport bar
The kids don't care if you're all right honey
Pills don't help but it sure is funny
Gimme gimme some of that vampire money, come on!
You look like somebody I used to love...
Well ah, 3-2-1 We got the bombEverybody hurry till the tax man comes
Glimmer like Bolan in the morning Sun
and get your finger on the trigger tap the barrel of a gunHair back, motherfuckerJet black, so
cool
Sing it like the kids that are mean to you
C'mon
When you wanna be a movie star
C'mon
Play the game and take the band real far
C'mon
Play it right and drive a Volvo carC'mon
Pick a fight at an airport bar
The kids don't care if you're all right honey
Pills don't help but it sure is funny
