## **Dream Big**

## **Jazmine Sullivan**

Ohh

Packin' up my shh... and I'm goin' real far Goin' off to Hollywood to be a big star It's nothin' here for me so I gotta move fast And I'm gettin' on the road and wont never look back Hey...I gotta dream big

'Cause when it happens, it's gone happen real big

Yes I feel it, ohh

I gotta move fast

'Cause when it happens, I can't let it go past

Only get one chance

Ohh, ohh, ohh, ohh, ohh, can't spend another second sittin' on my momma's couch So if I don't take a chance, I wont ever get out

Some people talk but never do, they just runnin' they mouth

But I mean just what I say and I'm gone show what I'm about, yea

I gotta dream big

'Cause when it happens, it's gone happen real big

Yes I feel it, ohh

I gotta move fast

'Cause when it happens, I can't let it go past

Only get one chanceWhen it feels like you been waitin' all your life for this second

You'd be a fool to just let it pass, so go and get it

Don't matter near or far, to the moon, the stars

I'll do whatever I need to follow my dreamsI gotta dream big

'Cause when it happens, it's gone happen real big

Yes I feel it, ohh

I gotta move fast

'Cause when it happens, I can't let it go past

Only get one chance

I gotta dream big

'Cause when it happens, it's gone happen real big

Yes I feel it, ohh

I gotta move fast

'Cause when it happens, I can't let it go past

Only get one chance
