

# Ain't Gonna Bump No More (With No Big Fat Woman)

Joe Tex

Three nights ago I was at a disco  
Man, I wanted to bump, I was rarin' to go  
And this big fat woman, bumped me on the floor  
She was rarin' to go, that chick was rarin' to go Man she did a dip, almost broke my hip  
She was gettin' down, that chick was gettin' down  
She wanted to bump some more, but I told her, no  
You done knocked me down once  
You done knocked me down once Said, if you want to dance  
Find you a big fat man  
Y'all both can get on down  
Y'all both can get on down, huh  
I ain't gonna bump no more with no big fat woman  
I ain't gonna bump no more with no big fat woman  
I ain't gonna bump no more with no big fat woman  
I ain't gonna bump no more with no big fat woman Lord, I ain't gonna bump no more with no  
big fat woman  
I ain't gonna bump no more with no big fat woman  
I ain't gonna bump no more with no big fat woman  
I ain't gonna bump no more with no big fat woman Somebody take her  
She's too big for me  
She'll knock me down She came over to me, snatched me out of my seat  
She wanted to get on down, still wanted to get on down  
I told her to go on and leave me alone  
I ain't gettin' down, you done hurt my hip once  
I ain't gonna bump no more with no big fat woman  
I ain't gonna bump no more with no big fat woman  
I ain't gonna bump no more with no big fat woman  
I ain't gonna bump no more with no big fat woman Lord, I ain't gonna bump no more with no  
big fat woman  
I ain't gonna bump no more with no big fat woman  
I ain't gonna bump no more with no big fat woman  
I ain't gonna bump no more with no big fat woman Somebody take her, I don't want her  
She done hurt my hip, she done knocked me down  
Done hurt my hip, she done knocked me down  
Somebody take her, I don't want her Say, Leroy, you can have this one, dude  
This big fat woman, dude  
I don't want her
