

Voodoo Lady

Ween

Voodoo Lady
Shakin' that stick and drivin' me crazy
Your eyes are red and hazy
Doin' that stuff that you do
Messin' me up wit your voodoo You drive me crazy with that
Boogie oogie oogie oogie oogie oogie oogie
You drive me crazy with that
Boogie boogie boogie Your lips are hot and spicy
Servin' up red beans and rice
At midnite she's a' howlin' and stompin'
Makin' love to the gators in the swampin'
You drive me crazy with that
Boogie oogie oogie oogie oogie oogie oogie
You drive me crazy with that
Boogie boogie boogie I feel you now inside me
Never once did you deny me
Doin' that stuff that you do
Knockin' me out with your voodoo You drive me crazy with that
Boogie oogie oogie oogie oogie oogie oogie
You drive me crazy with that
Boogie boogie boogie Voodoo Lady
Shakin' that stick, drivin' me crazy
Voodoo Lady
Oh yeah
Voodoo Lady
Shakin' that stick and drivin' me crazy
Your eyes are red and hazy
Doin' that stuff that you do
Messin' me up wit your voodoo You drive me crazy with that
Boogie oogie oogie oogie oogie oogie oogie
You drive me crazy with that
Boogie boogie boogie
