

# Mercury and Solace

BT

Awareness, the fruit of life.  
Awareness and happiness. Vibes... The dance never ends. But I know you're there.  
But I know you're there. Only you are my happiness. Memories... Happiness...  
Lovely voices... In nightfall I'll meet you,  
seeds of desire absolve.  
There's no going back.  
I'm losing control. As the morning creeps up,  
and I'm looking for the shade.  
In your embrace,  
My grieving says. Reach out for me - reach out.  
Reach out for me - reach out. I know you're there... you're there. Reach out for me - reach out.  
Reach out for me - reach out. I may go with you. Reach out for me - reach out.  
Reach out for me - reach out.  
I savour every moment.  
I'll savour every moment.  
You're precious,  
You're precious to me.
