

# Killer

## Band of Skulls

I got the recipe thumpin on it  
and as for rivalry well I own it  
You can't speak for me, doing all I can to survive  
Don't ask for sympathy beg to differ  
And as for symmetry I'm irregular  
And maybe you're Greek to me  
But I get it dead or alive I'm your favorite anime  
I'm the leader of the pack  
Got your heart, got your soul, got your back  
It's a (whoop) killer killer killer  
It's a (whoop) killer killer killer  
It's a (whoop) killer killer killer  
It's a (whoop) killer killer killer  
get out the way if you can't stand the flack  
me and my army we're on the maximum attack  
It's a (whoop) killer killer killer  
It's a (whoop) killer killer killer  
If this was fantasy I'd condone it  
But you move so thoughtlessly I'd atone for it  
From under the bleachers to the windmills of my mind  
Seems you protest too much as of lately  
With all those straws you touch and so strictly  
I'm gonna beseech yuh, you were just a matter of time  
I'm your favorite anime  
I'm the leader of the pack  
Got your heart, got your soul, got your back  
I'm your favorite anime  
I'm the leader of the pack  
Got your heart, got your soul, got your back  
It's a (whoop) killer killer killer  
It's a (whoop) killer killer killer  
It's a (whoop) killer killer killer  
It's a (whoop) killer killer killer  
Get out the way if you can't stand the flack  
Me and my army we're on the maximum attack  
It's a (whoop) killer killer killer  
It's a (whoop) killer killer killer  
Get out the way if you can't stand the flack  
Me and my army we're on the maximum attack  
You have got to face up to the fact  
This is only mine oh  
It's a (whoop) killer killer killer  
It's a (whoop) killer killer killer  
It's a (whoop) killer killer killer  
It's a (whoop) killer killer killer
