

Thug Luv (feat. Twista)

Lil' Kim

Mm-hmm, ye-yeah. Here come a bitch with the fly puss', and a nigga with the fly dick
In the Mickey and Mallory mode, rollin through the streets on 24's
On krunk screamin, "Die bitch!"
Bout to shut yo' shit down, anybody that opposes to payin us a fee false
If the straps don't bleed y'all
We put stitches in yo' motherfuckin dome like a league brawl
(Come and roll with this)
Take a journey to the realm of the truth when I bust this
It's the Duke and the Duchess
Leavin haters 'buked and on crutches
Niggaz you cannot touch this
It's a new collaboration of Thug Luv
between the Thug Queen and the Thug Lord
More power than a drug lord
Meant to be because we love each other the way we love war
Gotta rider bet hug yours, cause I'm full of ambition
and ammunition and a 50 like I smoked a sticky stack of hash
Ain't no missin on no critical condition
Murderin is the mission and we can bust a itchy atcha ass
Feel the flow when I drop it
Don't when to stop it, I'm goin pockets and layin bodies down
Feel adrenaline from me and Kim and them
We got it sewed from Brooklyn to Chi-Town
See the artillery, we don't fuck around with silly games, plenty thangs
Nigga plus I got an illy aim, stick 'em up, steal his chain
Then I spill his brain, then I feel his pain
Some of the consequences when you dealin with a plug thug
And I'm backed up by the Queen, we gon' take over the world
Whatchu know about Thug Luv? You can't fuck with us; do it like a hustler
Gotta keep it gangsta, can't no one collide with us
All my true thugs and all my real bitches
Won'tcha come and ride with us
Do it like a hustler
Gotta keep it gangsta, can't no one collide with us
All my true thugs and all my real bitches
Won'tcha come and ride with us
It's the T-W-I-S to the T-A, K to the motherfuckin I-M
Bout to shut yo' shit down
Other albums come out ain't NOBODY gon' buy them
Now who gon' deny them? I'm scared of myself, don't nobody wanna try Kim
Y'all know you done fucked up
(now whassup - y'all better come roll with us)

Who's you Mister? It's Lil' Kim and Twista (and we about this)
 For those who doubt this, the game is ours (we gon' run you up out this)
 What a wonderful feeling when you're stealin a million
 But the billion jackpot's what I aim for
 Get your hands in the air, put 'em up, keep 'em high
 Don't want no problems - JUST GIMME WHAT I CAME FOR!
 Pull up on your block, eight straight Hummers
 Bout to have it locked, eight straight summers
 Bank account hold eight straight numbers
 Ain't no room for you whack newcomers
 We the people's choice because we kick that
 nasty "Hardcore" shit that you wanna hear
 Can't fuck with us, hands down we win best murder rap of the year
 Pounds to the misters, hugs for the miss
 Bombs in the mail, sealed with a kiss
 All my bitches pop that thing like this
 All my niggaz wave that bling on the wrist
 Some of the consequences when you dealin with a plug thug
 And I'm backed up by the Duke, we gon' take over the world
 Whatchu know about Thug Luv?
 Kim is yo' flow hot?
 Like a gun shot
 Twist' is yo' flow cold?
 Well I think so
 Kim do you got dranks
 Crist' by the box
 Twist' do you got smokes
 Well I got 'dro, now baby we can rollDo it like a gangsta, creepin like a murderer
 Strapped while I roll on chrome
 Lookin for the ones we at war with
 When we see 'em we gon' aim for your domeHear me Ma we can run this Earth together, come
 up worse than ever
 Havin big dreams while we back up this work together
 Let's set up shop on the block now, takin over yo' tip
 Even if we gotta slang dubs
 Go to war because I love blood, with a Queen by my side
 Whatchu know about Thug Luv?Do it like a hustler, Lil' Kim and Twista
 Might as well ride with us
 Male groupies, girl groupies
 They're all gon' side with us
 Whatcha gon' do, it's the Duke and the Duchess
 You need to give it up
 We gon' take over the world
 Whatchu know about Thug Luv?
