

# Warning

Nick Jonas

I, keep trying to escape from this cage that I live in  
This prison in my head  
Oh I, own many mistakes from all of the things I never did  
I carry my defense  
Now I'm running for the fences on my own And I can see the warning Yeah I can see the  
warning, warning  
It's brighter than the morning, morning  
Keeps trying to turn me right around  
And it's all I ever wanted  
It's all I ever wanted, wanted  
I'm breaking the warning down, down  
I, I got something inside it keeps burning my body til it's sore Keeps wanting more and more  
Oh and I, I'm gonna find  
I'm gonna find what I had lost  
Unlearn what I was taught  
Now I'm running for the fences on my own  
And I can see the warning Yeah I can see the warning, warning  
It's brighter than the morning, morning  
Keeps trying to turn me right around And it's all I ever wanted  
It's all I ever wanted, wanted  
I'm breaking the warning down, down  
I'm breaking the warning (I'm breaking the warning) I'm breaking the warning (I'm breaking the  
warning)  
Down  
Now I'm running for the fences on my own  
And I can see the warning  
Yeah I can see the warning, warning  
It's brighter than the morning, morning  
Keeps trying to turn me right around And it's all I ever wanted It's all I ever wanted, wanted  
I'm breaking the warning down, down  
I'm breaking the warning  
Yeah I can see the warning, warning  
(It's brighter than the morning, morning) I'm breaking the warning  
(Keeps trying to turn me right around) I'm breaking the warning  
And it's all I ever wanted  
It's all I ever wanted, wanted  
I'm breaking the warning down, down  
I'm breaking the warning down
