## **Alone (feat. Stefflon Don)**

## **Halsey**

Said he tried to phone me

But I never have time

He said that I never listen

But I don't even try

I got a new place in Cali

But I'm gone every night

So I fill it with strangers

So they keep on the lightShe said she told you she knows me

But the face isn't right

She asked if I recognized her

And I told her I mightSee, everywhere I go

I got a million different people tryna kick it

But I'm still alone in my mind

I know you're dying to meet me

But I can just tell you this

Baby, as soon as you meet me

You'll wish that you never did

(You'll wish that you never did)I stayed a night out in Paris

Where they don't know my name

And I got into some trouble

With that drink in my veins

I got a problem with parties

'Cause it's loud in my brain

And I can never say "sorry"

'Cause I won't take the blameI know I always go missing

And you're lying awake

But if you ask why I'm distant

Oh, I'm runnin' away

You know that everywhere I go

I got a million different people tryna kick it

But I'm still alone in my mindI know you're dying to meet me

But I can just tell you this

Baby, as soon as you meet me

You'll wish that you never did

(You'll wish that you never did)I, I know you wanna

I, I know you wanna

I, I know you wanna

Slip under my armor

I, I know you wanna

I, I know you wanna

I, I know you wanna

Slip under my armorSee, everywhere I go

I got a million different people tryna hit it But I'm still alone in my mindI know you're dying to meet me

But I can just tell you this

Baby, as soon as you meet me

You'll wish that you never did

(You'll wish that you never did)

Yeah, yeah(I know you wanna)

(I, I know you wanna)

You'll wish that you never did

(I know you wanna)

(Slip under my armor)

Oh

(I know you wanna)

(I, I know you wanna)

You'll wish that you never did
