

Tonight

New Kids On the Block

Remember when we said: 'girl, please don't go'
And how I'd be loving you forever...
Taught you 'bout hanging tough
As long as you've got the right stuff
Didn't we girls? Ooh ooh Didn't we girls? Aah, aah
Well I guess it's a brand new day after all
Every time we hear the curtain call
See the girls with the curls in their hair
The buttons and the pins and the loud fanfares Tonight, tonight
Remember when we traveled 'round the world
We met a lot of people and girls...
Fan mail from everywhere Showed us how you care
Didn't it girls? Ooh, ooh
Didn't it girls? Aah, aah
Well I guess it's a brand new day after all Every time we hear the curtain call
See the girls with the curls in their hair The buttons and the pins and the loud fanfares
Tonight, tonight
Tonight, tonight
La, la, la, la, la, la tonight
La, la, la, la, la, la tonight
Tonight, tonight
Tonight, tonight
La, la, la, la, la, la tonight
La, la, la, la, la, la tonight
La, la, la, la, la, la tonight
