## **Blue No More (feat. James Bay)**

## **Buddy Guy**

When I reach, heaven's gate
And they see the joy, on my face
They might not know me
'Cause I won't be blue no moreNone of my songs will sound the same
'Cause all of the heartache and all of the pain

Will be taken from me
And I won't be blue no more
Lord knows the blues
Is deep in my soul
Is my whole life
Is everything I know

It's been my home

And I bring it everywhere I go

Oh, yeah, everywhere I go

I can't leave without itOne of these days (One of these days)

The road is gonna end

He'll call my name (Call my name)

I'll be honoured then

I believe (I believe, yes)

I won't be (No I won't be)

Blue no more

Yeah I believe

That I won't be (I won't be)

Blue (I won't be blue no more)

I won't be blue no more (no more)
