

I Can't Let U Go

Usher

Yo, I'm sick of this man
I can't even talk no more
'Cuz I hate the fact that I love you so much
And you know what I'm sayin' You don't even understand what this is doin' to me
Every time try to get away
I just can't let you go, you know what I'm sayin'
I just can't let you go I never ever wanna hurt ya, I just wanna love ya
I just wanna sex you up
I wanna give you everything you need, thing you want, just lay down
Let me love ya all night long
(It was beautiful when we first started)
I don't want to leave you, I just wanna keep you
When they saw me they saw you
Damn the world, it's just me and my girl that's how I felt
Every time I thought it was right, it went left We used to laugh and party
Now all we do is argue
(What happened to all the good times)
I tell myself I don't want you no more but
I can't let you go
(You see I can't let you go) So much love and hurt and hate
(I hate this)
People screamin' it won't work
Time and time I say I'm gonna leave
(See what I'm sayin')
But I can't let you go
Now you wanna be real insensitive and act kinda funny man
You know what man, you ain't even gotta wait till in the mornin' man
You can get out of here tonight man
Ayo Glen come grab her shit and get her outta here Baby you don't gotta like me but you're not
gonna fight me
You can't walk away and say
I never gave you everything you want, thing you need
All we ever do is argue all night long I don't wanna leave ya, see ya with anotha brotha lovin' ya
Sayin', damn the world, it's me and my girl
It's how I feel when you think everything is real
But it really ain't We used to laugh and party
Now all we do is argue
I tell myself I don't want you no more but
I can't let you go So much love and hurt and hate
People screamin' it won't work
Time and time I say I'm gonna leave
But I can't let you go We used to laugh and party

Now all we do is argue
I tell myself I don't want you no more but
I can't let you go So much love and hurt and hate
People screamin' it won't work
Time and time I say I'm gonna leave
But I can't let you go Got me, walkin' around, ready to snap
Got me, walkin' around lookin' for somebody to slap
Got me, goin', goin' with no pause
Got me, up in cardiac everyday just 'cuz Got me, arguein' 'bout lil' stuff, she don't call lil' stuff
It get a little rough, we kiss and make up
She wanna, say what she wanna I don't play that
She wanna, constantly bring up shit from way back Got me, thinkin' about her while I'm
watchin' a flick
Got me, dippin' through traffic trying to get home quick
Got me, talkin' to myself I'm hatin' this
Got me, wantin' to wild out like I'm Jada kiss Got me, in a place I never thought I would see
Got me, not wantin' to stay not wantin' to leave
Got me, happy, got me, confused
Got me wishin' I could get it how I used to We used to laugh and party
Now all we do is argue
I tell myself I don't want you no more but
I can't let you go So much love and hurt and hate
People screamin' it won't work
Time and time I say I'm gonna leave
But I can't let you go We used to laugh and party
Now all we do is argue
I tell myself I don't want you no more but
I can't let you go So much love and hurt and hate
People screamin' it won't work
Time and time I say I'm gonna leave
But I can't let you go
