

Let's Chill

Charlie Wilson

From the first time I saw your face
Girl, I knew I had to have you
I wanted to wrap you with my warm embrace
Visions of your lovely face All my love is for you
Whatever you want I will do
You're the only one I want in my life
For you I'll make that sacrifice
[Chorus:]
Let's chill
And let's settle down
That's what I wanna do
Just me and you [x2]
I'm so happy to have you here
Standing right by my side
Is it a dream or reality
If it's a fantasy, please don't wake me All my love is for you
Whatever you want I will do
You're the only one I want in my life
For you I'll make that sacrifice
[Chorus]
I want you to be by my side, baby
You know I want you to be mine, shorty
And it's no secret, you know how I feel
All I wanna do is just chill
Be mine for the rest of the night, baby
Baby, come on, now let's ride, shorty
And it's no secret, you know how I feel
All I wanna do is just chill
[Chorus out]
