## I'm Losing You All Over Again

## **Keith Whitley**

Everywhere I turn someone reminds me of you I remember all the things that we used to do I think I'm over you and then I'm losing you all over againI smell the fragrance of your sweet perfume It still lingers in my lonely room I think of things that might have been And I'm losing you all over againIt feels just like it did the day you left Over and over I can't help myself It seems to me no matter what I try I'm right back where I was the day you said goodbye I tried to go with somebody new I changed my hangouts and the things I do Just when I think my heart will mend I'm losing you all over againIt feels just like it did the day you left Over and over I can't help myself It seems to me no matter what I try I'm right back where I was the day you said goodbye I tried to go with somebody new I changed my hangouts and the things I do Just when I think my heart will mend I'm losing you all over Over and over... again.
