

# Let's Take a Walk

Raphael Saadiq

This place is crowded  
Don't know about you  
I need some sex  
Some sex with you  
Cause your on my mind  
I can feel your sweat  
your body's wet  
and I need some help  
Girl you know what we need to do  
Girl, let's take a walk  
(walk)  
outside  
(walk outside)  
let's take a walk  
(walk)  
outside  
(walk outside)  
let's take a walk  
(walk)  
outside  
(walk outside)  
I'm ready to go  
go grab your coat  
it's hard to hold  
I'm ready to let go  
the mood is right  
the city's bright  
hey.don't you fight  
I know the time is right  
Girl my lips is what I need you to have  
Girl, let's take a walk  
(walk)  
outside  
(walk outside)  
let's take a walk  
(walk)  
outside  
(walk outside)  
hey.let's take a walk  
(walk)  
outside  
(walk outside)  
Girl, let's take a walk

let's take a walk  
Baby .lets take a walk  
baby, lets take a walk  
Listen now  
Don't know you  
nothing happened  
any way  
I know its cold girl  
but I don't carelet's take a walk  
(walk)  
outside  
(walk outside)  
let's take a walk  
(walk)  
outside  
(walk outside)  
not in my car  
(walk)  
outside  
(walk outside)  
you can swing my name  
and you be glad you came, babelets take a walk, a walk  
(walk)  
a walk, a walk, walk  
(walk outside)  
a walk, a walk, walk  
(walk)  
a walk, a walk, walk  
(walk outside)
