

# Cool It Now

## New Edition

Everybody's saying silly things  
Without knowing that life brings a change  
And I've been checking all the signs  
My friends say I'm love sick cause I...All I keep thinking about is her, in my arms  
(Got to see what love is all about)  
And I won't be the same, until she is mine  
And my friends keep telling me toCool it now  
You got to cool it now  
Ooooooh watch out  
You're gonna loose controlCool it now  
You got to slow it down  
Slow it down...  
You're gonna fall in love  
Everyday I walk her home, from school  
And she tells me how she really feels  
And there's no doubt, in my mind  
That this girl is one of a kind  
Cause all I keep thinking about, is her in my arms  
(Got to see what love is about)  
And I won't feel the same, until she is mine  
But my friends keep telling me toCool it now  
You got to cool it now  
Ooooooh watch out  
You're gonna lose controlCool it now  
You better slow it down

And I'll never be the same, until you are mine  
And my friends keep telling meWhen ya got a girl who takes her time  
You must slow the pace you can't mess with her mind  
If she feels the same she'll letcha know  
Just prepare yourself or be ready to go  
And I hope this message stays in your mind  
Cause you almost lost a girl who is right on time

There's one more thing that ya got to know  
 Just cool it down and stay in control  
 Cool it now You got to cool it now
