

# More Than a Miracle

MNEK

If the mountains could be moved for you,  
And the ocean could be split right through  
It still wouldn't be enough for you,  
It's true, it's true, it's true!  
If I told you sweet nothings everyday  
I'd trip up on every word I say  
One step closer, yet still miles away  
I pray at night, I pray  
I pray that you come back to the one I could claim to  
Wishing on a star the love will bring you  
Back to where we were when I first met you  
Even though we both know  
There's shattered glass when we're walking on the floor,  
I'd like my head linking into yours  
To get us back to where we were before  
It's gonna take more than a MIRACLE  
Baby, don't let you be the same  
Only a higher power can stop the rain  
Oh, I'd love to give you more  
It's gonna take more than a MIRACLE!  
If all the water could be turned to wine,  
You could be tying up the hands of time  
It won't be nothing that could change your mind  
Well you're right, you're right this time  
I pray that you come back to the one I could claim to  
Wishing on a star the love will bring you  
Back to where we were when I first met you  
Even though we both know  
There's shattered glass when we're walking on the floor,  
I'd like my head linking into yours  
To get us back to where we were before  
It's gonna take more than a MIRACLE  
Baby, don't let you be the same  
Only a higher power can stop the rain  
Oh, I'd love to give you more  
It's gonna take more than a MIRACLE!  
I'm gonna need more, gonna need more than that, Yeah!  
I'm gonna need more, gonna need more than that, Yeah!  
But you can't give me that, no you can't give me that! I'm gonna need more, gonna need more  
than that,  
I'm gonna need more, gonna need more than that,  
I'm gonna need more, gonna need more than that,

But you can't give me that, no you can't give me that! There's shattered glass when we're  
walking on the floor,  
I'd like my head linking into yours  
To get us back to where we were before  
It's gonna take more than a MIRACLE  
Baby, don't let you be the same  
Only a higher power can stop the rain  
Oh, I'd love to give you more  
It's gonna take more than a MIRACLE! It's gonna take more ooh oh oh oh  
It's gonna take more ooh oh oh oh  
It's gonna take more ooh oh oh oh  
It's gonna take more ooh oh oh oh  
It's gonna take more ooh oh oh oh  
It's gonna take more ooh oh oh oh
