X-Static

Foo Fighters

leading everything along never far from being wrong nevermind these things at all it's nothingcouldn't find a way to you seems that's all I ever do turning up in black and blue rewardedall the static we all left wait until the time has come figure that's where time comes from leaving all my senses numb is heaven lifted up the fay to seen anything could never be anything but play to me in ordertake it back for them to keep fallen into something deep not that I had made that leap annointed where have all the wishes gone now that all of that is done wish I would've felt I've won for once
