

# Settle Down

## The 1975

A soft sound  
To the way that she wears her hair down  
Covering up her face  
And oh what a let down  
And I don't seem to be having any effect now  
Falling all over the place But you're losing your words  
We're speaking in bodies  
Avoiding me and talking 'bout you  
But you're losing your turn  
I guess I'll never learn  
'Cause I stay another hour or two  
For crying out loud, settle down!  
You know I can't be found with you  
We get back to my house  
Your hands, my mouth  
Now I just stop myself around you A small town  
Dictating all the people we get around  
What a familiar face  
Do you get what I mean now?  
I'm so fixated on the girl with the soft sound  
And hair all over the place And you're sure that I'd learn  
I'm pushing through bodies  
Avoiding me and walking 'round you  
And you're cold and I burn  
I guess I'll never learn  
'Cause I stay another hour or two  
For crying out loud, settle down!  
You know I can't be found with you  
We get back to my house  
Your hands, my mouth  
Now I just stop myself around you A soft sound  
And to the way that she wears her hair down  
Covering up her face  
And oh what a let down  
I don't seem to be having any effect now  
Falling all over the place But you're losing your words  
We're speaking in bodies  
Avoiding me and talking 'bout you  
And you're losing your turn  
I guess I'll never learn  
'Cause I stay another hour or two  
For crying out loud, settle down!

You know I can't be found with you  
We get back to my house  
Your lips, my mouth  
Now I just stop myself around you  
For crying out loud!
