

# Here I Found / No Self Control (feat. Quiet Luke)

[Billy Lemos](#)

I went, I went to tell her she could say  
If she ever needed anything  
If there was somethin' I could  
She said my heart is overgrown the weight I never knew  
I'm further in time than most of...  
Here I found the feeling long forgotten  
As I'm older than now  
The feeling uncommunicated  
Here I found  
The feeling long forgotten  
As I'm older than now  
The feeling uncommunicated  
Here I found  
The feeling long forgotten  
As I'm older than now  
The feeling uncommunicated  
Here I found  
The feeling long forgotten  
As I'm older than now  
The feeling uncommunicated  
Ghost of control  
Live in a bed  
A bed  
Live in  
Live in  
Live in  
Ghost, ghost, ghost of control  
Live in a bed  
Ghost of control  
Live in a bed  
Ghost, ghost  
Ghost live in  
Live in
