

# Broken Man

## Boys Like Girls

I want to scream until no sound comes out and you've learned your lesson  
I want to swallow these pills to get to sleep  
So I don't have to make a bad impression I need to start to be myself  
'Cause I'm sick of everybody else I won't let you bring me down  
It's here  
And now I'm breaking out  
I will learn to love again But I will stand a broken man  
I wanna run, but only far enough to make you miss me  
I wanna take back all the shit that I have done But I guess you are better off without me  
I need to start to be myself  
'Cause I'm sick of everybody else  
I won't let you bring me down  
It's here and now  
I'm breaking out I will learn to love again  
But I will stand a broken man  
I took one big step and I looked away  
And then I thought of all the things that I wanted to say  
I'm always too late  
You never got your story straight I'm always up late  
I think I'm everything you hate  
I took one big step and I looked away  
And then I thought of all the things that I wanted to say  
I'm always too late  
You never got your story straight  
I'm always up late  
I think I'm everything you hate  
I took one big step and I looked away  
And then I thought of all the things that I wanted to say  
I'm always too late  
You never got your story straight I'm always up late  
I think I'm everything you hate  
I won't let you bring me down  
It's here and now I'm breaking out  
I will learn to love again  
But I will stand a broken man  
(I took one big step and I looked away)  
I won't let you bring me down  
(And then I thought of all the things that I wanted to say)  
It's here and now I'm breaking out  
(I'm always too late you never got your story straight I'm always up late I think I'm everything  
you hate)  
I will learn to love again

(I took one big step then I looked away, and then I thought of all the things that I wanted to say)  
But I will stand a broken man  
(I'm always too late you never got your story straight)
