

Problems (feat. Isaiah Rashad)

[Kaash Paige](#)

KAASH PAIGE FEAT. ISAAH RASHAD - PROBLEMS
It's like, uh, everything I do
It's just, ain't good enough, you know
I really don't stress, there's just, a lot been on my mind lately
So I just gotta right my wrongs, huh
Or at least I think I do
List all my problems, I'm inconsistent
If you text or called I probably missed it
List all my problems, I'll never get it
All this money I'm gettin' I'm quickly spendin'
List all my problems, list all my problems
All this money I'm gettin', it probably solve this
List all my problems, list all my
The fault is mine, I swear I said it a hunnid times
Right my wrongs with this pencil, a hunnid lines
Because you don't see potential, the world is mine
Still searchin' for my soul (For my soul)
Brown skin shawty, mouth full of gold (Full of gold)
But I can't find it, this shit is gettin' old (Gettin' old)
I never find it, just had to let that go (Go)
List all my problems (Problems), I'm inconsistent
If you text or called I probably missed it (Missed it)
List all my problems, I'll never get it (Get it)
All this money I'm gettin' I'm quickly spendin' (Spendin')
List all my problems (Problems), list all my problems (Problems)
All this money I'm gettin' (Problem), it probably solve this (Problem)
List all my problems (Yeah, watch this, watch this)
Yeah, I got a lil' way, young nigga want peace today
Livin' off rap like livin' off crack
Don't work, don't get, can't sleep today
Drop ten, top ten, fuck that (Yeah, problems)
Came home to the throne where the gang hang out
Where the smoke fill up to the fire (Ayy)
So how that make you feel? (Ayy)
Like how that paper feel, empty
I hop in the ride, my heart do a dance, dance when I hit it
Remember the Xan', Xan', I'm forgettin' (Ayy, yeah)
My pain and pa-pa, don't resent him (Ayy, yeah)
Resemble the bad past, it was venom (Ayy)
So wherever the stash at, I'ma kill him (Ayy)
Wherever the cash at, I'ma seal 'em (Ayy, ayy)
List all my problems (Problems), I'm inconsistent
If you text or called I probably missed it (Missed it)
List all my problems, I'll never get it (Get it)
All this money I'm gettin' I'm quickly spendin' (Spendin')
List all my problems (Problems), list all my problems (Problems)

All this money I'm gettin' (Problem), it probably solve this (Problem)
List all my problems
