

# Hurt You

## Toni Braxton & Babyface

Here we go  
Damn  
Here we again  
Loving you has caused me so much pain  
But you don't see it, you never see it So why apologize  
I was just doing what I had to do baby  
An eye for an eye God knows I never meant to hurt you  
I never meant to break your heart, your heart babe  
God knows I never meant to turn you on, turn you out  
Never meant to take it that far, that far babe  
God knows I never meant to hurt you, hurt you, hurt you, hurt you, hurt you  
Baby, guilty as charged  
I'm not gon lie babe  
I did you wrong so many times yes  
So I know why you crossed the line  
Oh but girl I never dreamed you'd cheat on me But I, I apologize  
(don't apologize, don't apologize)  
Oh baby, the pain I put you through (put you through it too)  
What I did to you (I did the same to you)  
Oh I made you cry God knows I never meant to hurt you  
I never meant to break your heart, your heart babe  
God knows I never meant to turn you on, turn you out  
Never meant to take it that far, that far babe  
God knows I never meant to hurt you  
I never meant to break your heart, your heart babe  
God knows I never meant to turn you on, turn you out  
Never meant to take it that far, that far babe  
God knows I never meant to hurt you, hurt you, hurt you, hurt you, hurt you  
Can we start over again  
Can we start baby as friends  
Give you one more try  
The tender kisses you give to me  
Would be the only thing I'd ever need  
God knows I never meant to hurt you  
I never meant to break your heart, your heart babe
