

# Come Over

[Kenny Chesney](#)

I turn the tv off, to turn it on again  
Staring at the blades of the fan as it spins around  
Counting every crack, the clock is wide awake  
Talking to myself, anything to make a sound  
I told you I wouldn't call, I told you I wouldn't  
care  
But baby climbing the walls gets me nowhere  
I don't think that I can take this bed getting  
any colder  
Come over, come over, come over, come over, come over  
You can say we're done the  
way you always do  
It's easier to lie to me than to yourself  
Forget about your friends  
You know they're gonna say  
We're bad for each other  
But we ain't good for anyone else  
I told you I wouldn't call, I told you I wouldn't care  
But baby climbing the walls gets me nowhere  
I don't think that I can take this bed getting any  
colder  
Come over, come over, come over, come over, come over  
We don't have to miss each  
other, come over  
We don't have to fix each other, just come over  
You don't have to say forever,  
come over  
You don't have to stay forever, come over  
I told you I wouldn't call, I told you I wouldn't care  
But baby climbing the walls gets me nowhere  
I don't think that I can take this bed getting any colder  
Come over, come over, come over, come  
over, come over  
Come over, come over, come over, come over, come over.  
Come over, come  
over, come over, come over, come over.
