After the Hurricane

Jazmine Sullivan

I can see it in his eyes, oh, I And he's been avoiding me all day It seems as though he wants to cry, oh, I And he's been acting really strangeHe starts talkin' and I tuned him out, yeah It doesn't matter anyway 'Cause I knew as soon as I saw clouds, yeah I knew what he was gonna say'Cause when the tears start flowin' and the wind starts blowin' That's how you know it's comin' for you When the rain start fallin' and you feel the pain comin' That's how you know it's comin' for you Just like a hurricane, just like a hurricane The way you break everything that comes in your way Just like a hurricane, just like a hurricane The way you broke my heart and now, I'm left with the pain After the hurricaneBaby, I'm not surprised, oh I You said just what I thought you would And it hurts, I ain't gon' lie, oh I But it doesn't hurt as bad as it could'Cause when the tears start flowin' and the wind starts blowin' That's how you know it's comin' for you When the rain start fallin' and you feel the pain comin' That's how you know it's comin' for youLike a hurricane, like a hurricane The way you break everything that comes in your way Just like a hurricane, just like a hurricane The way you broke my heart and now I'm left with the pain After the hurricane Now my life is shattered And I'm left to pick up the pieces And find a new beginning And put it back together again After the hurricane, the hurricaneJust like a hurricane, just like a hurricane The way you break everything that comes in your way Just like a hurricane, just like a hurricane The way you broke my heart and now I'm left with the pain After the hurricaneJust like a hurricane, just like a hurricane The way you break everything that comes in your way Just like a hurricane, just like a hurricane The way you broke my heart and now, I'm left with the pain After the hurricaneAfter the hurricane
