

Does It Feel

Charlie Puth

Tell me lies, like how you're better off without me
While the truth is written all over your face
Even in photographs together you look lonely, lonely
When you were here, you never had to fake And girl I promise I'm not gonna bother you
anymore
Soon as you hang up the phone
I just got one question that you might not be ready for
But I really gotta know Does it feel
Feel like you never gon' find nothing better?
Does it feel
Feel like you're missing, 'cause I loved you different? And the way that you can say you don't
remember
How I kept you coming over every night
And the way that you can say you never wondered, wondered
If loving someone else is just a lie
Woah, girl I promise I'm not gonna bother you anymore
Soon as you hang up the phone
I just got one question that you might not be ready for
But I really gotta know Does it feel
Feel like you never gon' find nothing better?
Does it feel
Feel like you're missing, 'cause I loved you different?
Does it feel
Feel like you never gon' find nothing better?
Does it feel
Feel like you're missing, 'cause I loved you different? And girl, I promise I'm not gonna bother
you anymore
Soon as you hang up the phone
I just got one question that you might not be ready for
But I really gotta know
Does it feel
Feel like you never gon' find nothing better?
Does it feel
Feel like you're missing, 'cause I loved you different?
Does it feel
Feel like you never gon' find nothing better?
Does it feel
Feel like you're missing, 'cause I loved you different?
