

The Wrong Girl

Lee Ann Womack

You got a great apartment
and a real nice car
The job you've always wanted,
you're gonna go far
You got everything you need in this world
But you got the wrong girlEverybody's looking cause she looks so hot
You don't know it yet but
I know what you've got
Go ahead and give it a whirl
But you got the wrong girl
If you're looking for love,
you're looking too hard
You can't see that what you need,
is right in your back yard
You were blinded by diamonds
and you've missed a pearl
Yeah, you got the wrong girlDoes she like fishing
four-wheeling in the woods
Will she get her hands greasy,
up underneath the hood
I bet she never listens to Merle
Yeah, you got the wrong girl
If you're looking for love,
you're looking too hard
You can't see that what you need,
is right in your back yard
You were blinded by diamonds
and you've missed a pearl
You got the wrong girlYeah you got the wrong girl
Yeah you got the wrong girl
You got the wrong girl
Yeah you got the wrong girl
