

# Weekend

## Kane Brown

Its 4:30 Friday  
I get off at 5.  
I'm gunna come into your place,  
you come into mine.  
Got a bottle of Jack  
and cheap red wine. Yeah our own little world. Wanna open em up  
and close all the doors,  
spin you around  
on that kitchen floor,  
cuz all week long I've been waiting for,  
you and me girl.  
Just chilling on the weekend, weekend.  
Sipping something on the cheap end,  
cheap end.  
Skinny dipping in the deep end, deep end,  
or Bass fishing with your feet in,  
feet in.  
Up all night then we sleep in, sleep in.  
When we were never really sleepin,  
sleepin.  
Tangled up in the sheets and sheets and  
goose bumps gets to creeping,  
creeping.  
Ya we chillin on the weekend. Just chilling on the weekend. We can watch a whole season of  
Seinfeld or Friends  
while I watch that afternoon sun shining in,  
right through the blinds and onto your skin.  
Yeah that's something to see. Three days just ain't enough and time's ticking.  
So keep that cherry red lipstick sticking on meee. Ya let's just keep... Just chillin on the  
weekend, weekend.  
Sipping something on the cheap end,  
cheap end.  
Skinny dipping in the deep end,  
deep end,  
or Bass fishing with your feet in,  
feet in.  
Up all night then we sleep in, sleep in.  
But we were never really sleepin,  
sleepin.  
Tangled up in the sheets and sheets and  
goose bumps gets to creepin, creepin.  
Ya we chilling on the weekend. Just chilling on the weekend, weekend. Nothing to do, nowhere

to be, nothing to do, nowhere to be  
Right here with you and you with me.  
Me here with you and you with me. Just chilling on the weekend, weekend. Oh  
Oh, sipping something on the cheap end.  
Yeah, skinny dipping in the deep end  
or Bass fishing with your feet in. Ohhhh up all night then we sleepin,  
sleepin  
but we were never really sleepin, sleepin.  
Tangled up in the sheets and sheets and  
goose bumps just a creepin, creepin. Yeah we chilling on the weekend. Ohhhh yeaahhh. Yeah we  
chilling on the weekend. Just chilling on the weekend, weekend. Chilling on the weekend.
