Hold On

NERVO

Give us, give us a chance I just wanna hold on I just wanna hold on Hold on I just wanna hold onWaiting for your love Cause I can't break away No I can't break this start Fading from your touch Why do I keep us safe To your distant heartGive us, give us a chance I just wanna hold on Hold on Hold on I just wanna hold on I just wanna hold on Just wanna, just wanna, just wanna Hold on Just wanna, just wanna, just wanna Hold on I just wanna hold on
