

Low

Josh Auer

Everybodys watching
Blurring out of view
Im low low
Scary just how often
Pushing comes to show
Im low low With you Im someone too Floating in the ocean
Drifting far away
Im low low
Tell me there is sunshine
Dancing with the rain
Im low low
With you Im someone
With you Im someone too
Feeling like a stranger
In a foreign land
Im low low
Standing like an orphan
Here without a name
Im low low With you Im someone
With you Im someone
With you Im someone too
