New Year's Resolution

Otis Redding & Carla Thomas

I hope it's not too late Just to say that I'm sorry, honey All I want to do Is just finish what we started, babyLet's turn over a new leave

And baby let's make promises

That we can keep

And call it a new year's resolution, hmmOh, I'm a woman And woman makes mistakes too

But will you, will you forget the changes

That I put you through? Oh, let's try it again just you and me And, baby, let's see how happy honey, yeah

That we can be

And call it a new year's resolution, yeah, yeah, yeah Many times we had our ups and downs And times you needed me I couldn't be found I'm sorry

And I'm sorry tooI'll never, never do it again, no, no, no So baby before we fall out

Let's fall on in, yeah, yeah

Oh, and we're gonna try harder

Not to hurt each other again, ohLove me baby, huh week after week

And baby let's make promises

That we can keep

And call it a new year's resolution, yeah, ohI know we can do it Carla I'm gonna keep my promises

I'm gonna hold on that we can do it, baby

Oh, it's not too late

You're gonna love me

Nobody else

Oh, Otis let's finish what we started

Talk no mean
