You Should Be Here

Cole Swindell

It's perfect outside It's like God let me dial up the weather Got the whole crew here I ain't seen some of them in forever It's one of those never forget it, better stop and take it in kinda scenes. Everything's just right yeah except for one thing You should be here, standing with your arm around me here Cutting up, cracking a cold beer, saying cheers hey y'all it's sure been a good year It's one of those moments, that's got your name written all over it And you know that if I had just one wish it'd be that you didn't have to miss this

You should be here

You'd be taking way too many pictures on your phone Showing them off to everybody that you know back home

And even some you don't yeah

They say now you're in a better place

And I would be too if I could see your face You should be here,

standing with your arm around me here

Cutting up, cracking a cold beer, saying cheers,

hev y'all it's sure been a good year

It's one of those moments,

that's got your name written all over it

And you know that if I had just one wish it'd be that you didn't have to miss this. Aw you should be here You'd be loving this, you'd be freaking out, you'd be smiling, yeah I know you'd be all about what's going on right here right now.

God I wish somehow you could be here

Oh you should be here

Yeah this is one of those moments that's got your name written all over it And you know that if I have just one wish it'd be that you didn't have to miss this Aw you should be here You should be here
