At Last

Aretha Franklin

I was never spellbound by a starry sky What is there to moon glow, when love has passed you by Then there came a midnight and the world was new Now here am I so spellbound, darling Not by stars, but just by youAt last my love has come along My lonely days are over and life is like a song At Last the skies above are blue My heart was wrapped in clover the night I looked at you I found a dream that I can speak to A dream that I can call my own I found a thrill to press my cheek to A thrill I've never known You smiled and then the spell was cast And here we are in Heaven For you are mine at last At last my love has come along My lonely days are over and life is like a song At last the skies above are blue My heart was wrapped in clover the night I looked at you I found a dream that I can speak to A dream that I can call my own I found a thrill to press my cheek to A thrill I've never known You smiled and then the spell was cast And here we are in Heaven
