Selfish

TWENTY88

You know I ain't having that shit (Got you Bitch) How could you be so selfish Phone off, careless You ain't drinking no more that's bullshit I heard your taking more shots than a full clip No call, no text, huh? That's how you feel when you stressed, huh? You know I'm from a tribe called questions I need them answers now like it's test time Do you realize how many good girls I lost When I changed the number for you When I needed that peaceful sleep and still cuddled for you You ain't even know when times get hard I bent up the budget I kept it subtle Might as well put jackets over the puddles for you You're acting irreplaceable, pfft, bitch, hardly I feel like I chose the wrong bitch like Steve Harvey When you back to me the morning time You got me on the borderline I used to want to put the work in now I feel like overtime When I hit you late night, texting Phone off, no stressing How could you be so selfish Selfish, so selfish Phone off, no texting No pics, no calls, no sexting How could you be so selfish Selfish, so selfish I can't help it I can't help it I can't help it I can't help it So, so selfish Why would you just play with the one who been there with you when no one would come Can't believe I stayed faithful to somebody so ungrateful Don't you know there's a line for my love And you be out here lying on us Ain't that some shit Ain't that a bitch And you wonder why the past has changed us Wonder why it ain't the same for us

You keep fuckin it up it's all on you You just made it so hard for you Late night, texting Phone off, no stressing How could you be so selfish Selfish, selfish Phone off, texting No pics, no calls, no sexting How could you be so selfish Selfish, so selfish I can't help it I can't help it I can't help it I can't help it So, so selfish Breakdown I think it's time to breakdown Late night, texting Phone off, stressing Testing me now, stressing me out Out, out How could you be so
