

Pirate Jet

Gorillaz

It's all good news now
Because we left the taps running
For a hundred years
So drink into the drinkA plastic cup of drink
Drink with a couple
Of people
The plastic creating peopleStill connected
To the moment it beganIt's all good news now
Because we left the taps running
For a hundred years
So drink into the drinkA plastic cup of drink
Drink with the purple, the people, the plastic eating people
Still connected
To the moment it began
